Excerpt: . Ill WASTE IN EDUCATION The subject announced for today was Waste in Education. I should like first to state briefly its relation to the two preceding lectures. The first dealt with the school in its social aspects, and the necessary re-adjustments that have to be made to render it effective in present social conditions. The second dealt with the school in relation to the growth of individual children. Now the third deals with the school as itself an institution, both in relation to society and to its own members -- the children. It deals with the question of organization, because all waste is the result of the lack of it, the motive lying behind organization being promotion of economy and efficiency. This question is not one of the waste of money or the waste of things. These matters count; but the primary waste...
