

Global Governance and the United Nations System

By Volker Rittberger

United Nations University. Paperback. Book Condition: new. BRAND NEW, Global Governance and the United Nations System, Volker Rittberger, This book offers a wide ranging analysis of changing world order at the beginning of the twenty-first century. It examines the progression from international to global governance, focusing on the fundamental change of actors, agendas, collective decision making, and the role of the UN system. Globalization does not only mean a change of relationship between governments and market forces. It also has important implications for the identities and activities of transnational social actors. International governance, the authors argue, faces three different challenges: the technological revolution, globalization, and the end of the Cold War --leading to jurisdictional, operational, incentive, and participatory gaps in governance with which international governance systems cannot adequately cope. In attempting to respond to these new problems, international governance systems have engaged in a multifaceted move toward global governance, reacting to these challenges in part by transforming themselves. The contributors of this volume discuss various aspects of this transformation, extrapolate its trends, and provide suggestions about possible forms of global governance. They address several key issues, such as the roles of states, intergovernmental organizations, the UN system, and non-state actors--market...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is in a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dr. Barney Robel Jr.
