Reviews

The book is fantastic and great. It is definitely basic but shocks in the 50 percent in the pdf. Its been printed in an remarkably basic way and it is just soon after i finished reading this publication in which really changed me, change the way i believe.

IF I HAVE TO TELL YOU ONE MORE TIME. . . : THE REVOLUTIONARY PROGRAM THAT GETS YOUR KIDS TO LISTEN WITHOUT NAGGING, REMINDING, OR YELLING

Tarcher, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Put an end to painful power struggles with your children! Why is it so difficult sometimes to get kids to listen? You ask your child to turn off the TV, do her homework, or get ready for school or bedtime. You know he heard you, but he ignores you. You ask again and still no response. You've tried everything-time-outs, nagging, counting to three-and nothing seems to work. In *If I Have to Tell You One More Time.*, founder of the popular online parenting course Positive Parenting Solutions Amy McCreedy presents a nag- and scream-free program for compassionately, yet effectively, correcting your children's bad behavior. In this invaluable book, McCreedy shows parents how an understanding of the psychological theory espoused by Alfred Adler (1870-1937) can put an end to power struggles in their households. Adlerian psychology focuses on the central idea that every human being has a basic need to feel powerful-with children being no exception to the rule. And when this need isn't met in positive ways, kids will resort to negative methods, which often result in some of the most frustrating behavior they exhibit. *If I Have to Tell You One More Time.* provides the knowledge and tools parents need to address the deeper issues that inspire their children to misbehave. Read this book and rediscover the joy of parenting!.
