Middleton Stout Books. Paperback. Book Condition: New. Paperback. 326 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. To date, most of the discourse revolving around leadership has either been too superficial to be useful or far too academic and dry to appeal and make sense to the general public. Bringing the most important findings from leadership studies and presenting their key lessons and concepts in an approachable and enjoyable format, Andrew Krgers debut changes that paradigm forever. While it can be characterized as fifty-one practical ways you can increase your leadership ability at home or in the office, Krgers book is much more than that. Using the behavior of his two dogs to make sophisticated concepts more readily understood and memorable, he displays a multitude of cogent points such as leaders must act without knowing all the information, leaders are aware of their strengths and limitations and use them effectively and efficiently, as well as lessons including personal resilience, emotional intelligence, and fear-based leading versus love-based leading. The concepts are broken down into five key categories to further delineate and underscore the importance of the overall framework of a leader: working on yourself, working with others, reading others, leading others, and the bigger picture. Combined, the information presented paints a clear and vibrant picture of how to change your life and style of leadership for the better. By taking the success of the business parable format of Johnson in *Who Moved My Cheese* and combining it with logical and endearing observations of our canine friends in such books as *Marley and Me* and *The Other End of the Leash*, Krger creates an enjoyable, playful, and casual approach to self-improvement in all facets of your life. The perfect read traveling companion, *Get the Cookie, Paco!: Valuable Lessons in Leadership from My Dogs* will change the way you...
