Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Poems of South African History: A. D. 1497-1910 The compiler of a book of verse bearing on South African history will perhaps be said to have a somewhat limited field of operations; and the field, on examination, is really more limited than it looks. Taking the landing of Van Riebeeck at the Cape in 1652 as the starting-point of European expansion in the southern portion of the continent, the history of South Africa , from the European point of view, for a century and a half thereafter is the history of the fortunes and expansion of the Dutch settlement at the Cape, which at the end of that period includes but a fraction of the area of the Cape Province as it is to-day. Not until so recently as the middle of the nineteenth century or thereby, with the foundation of the Overberg republics and the colonization of Natal, does South Africa approximate to the territorial limits which the present generation associates with it. To-day we sometimes include loosely in the term not merely the area embraced by the Union but the great territory of Rhodesia as well; in other words, the whole of British South Africa.
