

Elements of the Comparative Grammar of the Indo-Germanic Languages: Indices of the Volumes I -IV. (Paperback)

By Karl Brugmann

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the Preface. IN the treatment of Phonetics and Morphology in this work, so many words are cited along with parallels and words etymologically connected, that the book may be used to this extent in the study of etymology. To this end the Index of Words has been compiled, including as it does more than mere grammatical forms. I would also observe that I have somewhat departed from the usual methods of such indices, because very few of those who use it will be equally at home in all the languages therein contained, and many may look for words out of a language whose paradigms are not familiar to them. For the Index of Matters two limitations have been set. If it contained all the processes described, in the same detail as we find in the indices to our periodicals, or in any other conceivable form, not only would this have taken up much space, but what is more to the point, it would have been hardly easier to find one's way about by means of the...

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
