

Testaments: Poems in Witness of the Covenant (Paperback)

By Alfred Hanley

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Testaments: Poems in Witness of the Covenant is a collection of poetry written over a four decade period. As the title suggests, the poems give lyrical witness to the covenant which a redeemed humanity has with its Saving God - realized through prayerful contemplation of Scripture and Sacred Mystery, of nature and ordinary experience. Cast in various verse forms, from rhymed and measured to freer structures, these psalmic meditations move through the cycle of salvation as told in Holy Writ and as experienced by the individual soul - through contrition and supplication, gratitude and worship - tracing as they go the emblems of redemption inherent in creation.

The ideal ebook i possibly study. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.
